Terms of Reference

Support to Employment of Youth in Energy Sector

Purchase of Home Automation and Video-Citophony Electrical Panels, and cabinet necessary practical equipment

Project Name: Support to Employment of Youth in Energy Sector
Project Number: 2020/419-482
Provision of: Electrical Panels
Length of Contract: 1 month
1 February - 28 February, 2022
Type of Contract: Framework Contract

Description: Purchase of Home Automation and Video-Citophony Electrical Panels as per ANNEX 2 specifications, and additional necessary equipment for cabinets, including transportation at beneficiaries' premises

Location / Place of Performance: Kosovo

BACKGROUND:

The overall goal of the project is to *increase employability, sustainable employment prospects for disadvantaged groups, namely youth and women in the energy sector in Kosovo.* "Support to Employment of Youth in Energy Sector" is funded by European Commission and implementing by BSCK. The Project directly contributes to this priority through training between 200 – 400 youths, which will benefit from capacity development within the project, and indirectly thousands of other youth, will benefit from improved curricula of public VET institutions. The Project is a direct investment to improving the quality of vocational training for energy sector professions, and directly support investments in vocational training, competence centers, aiming in creating job opportunities for youth and women and disadvantage groups.

PURPOSE OF ASSIGNMENT:

The purpose of this assignment is the provision of Home Automation and Video-Citophony Electrical Panels for professional public schools in the Prishtina Region Municipalities based on the school needs. This assignment will contribute directly to project activity A.2.1. Piloting of new curricula by certified trainers in three electrical modules, and help students grasp the concepts of home automation and video-citophony.

The objective of this assignment is to purchase the tools/equipment and distribute them to public professional schools with the purpose of:

- Building technical/professional skills among targeted marginalized youth
- Support transition from school to work for targeted youth in electrical installations professions
- Promote employment and self-employment in the new professions in the energy sector

The Business Support Center Kosovo (BSCK) is inviting interested bidders to bid for the procurement of:
